

GLEMS Vendors

Join us for the 35th Annual Great Lakes Electric Meter School (GLEMS) at the Radisson Plaza Hotel in Kalamazoo, Michigan. GLEMS has continued to improve and expand programming, which has enhanced our reputation as one of the finest meter schools in the country. All vendors should be proud of this accomplishment and can look forward to returning to **August 4-7, 2025!**

Vendor Fact Sheets – Information for Student Projects

To increase the students' hands on involvement and student/vendor interaction, student projects are created for all tracks - except track 6. For track chairs to appropriately develop student projects, detailed information is required regarding the products and services each vendor provides. All vendors must complete a Vendor Fact Sheet as a reference guide for Track Chairs and GLEMS students. Please be sure to provide extensive detail that will assist GLEMS staff in developing student projects utilizing vendor products. Examples of correct and incorrect vendor fact sheets are provided.

All Vendor Fact Sheets are offered to each student for reference. This is an excellent opportunity to get your organization's name and products into each student's hand. **All Vendor Fact Sheets are completed online and due Friday, June 27th, 2025.**

Registration – Apply as a Vendor ONLINE!

Online registration is available at www.glems.org under the Vendor tab. Vendors must first “apply” by completing the Vendor Fact Sheet for review and approval. Upon approval, the main vendor contact will receive an email with a link to make registration selections and complete payment. Please note that confirmations will be delivered via email. All vendor fees must be received prior to attending and displaying at the school.

If a person from your organization or a sales representative is present in the vendor room for **any** part of the day, that person must be registered as an additional vendor for \$375.00. This registration fee is for the duration of the school and is not a one-day fee. NOTE: The only exception is if the person is teaching a class and attending only to instruct.

Registration	Description	Register By Friday, June 27th
Schedule A Vendor	Vendor Registration - one (1) representative & one (1) 8ft. table in vendor hall	\$625
Schedule B Vendor	One (1) additional vendor registration (representative)	\$475
Schedule C Vendor	One (1) Day Additional Vendor Registration (1 Representative for 1 Day)	\$125
Additional Vendor Table		\$195

[Don Sparks Memorial Golf Outing](#)

Golfers are invited to participate in a four-person golf scramble on Sunday, August 3, 2025, prior to GLEMS. Check-in time is at 11:45am with consecutive tee-off times begin at 12:27pm. Method of play will be an 18-hole, 4-person scramble. Golfers need not be assigned to a team beforehand. Individual golfers are welcome to register and will be matched with a team onsite. Each golfer can opt to purchase one foot of “string” for \$10.00 (can be used to complete a short shot), and/or one “mulligan” for \$10.00 (allowing them to shoot again without incurring a stroke). String and mulligans may be utilized by any member of the foursome once purchased. There is a max of four feet of string and four mulligans per team. Only cash can be accepted for the purchase of string and mulligans. If you plan to attend, please register online beforehand. Golf fees are \$85 per person (includes 18 holes of golf, with cart and snacks). See you there!

[Vendor Door Prizes](#)

There is no better way for manufacturers, sales and service representatives and distributors to effectively display or promote products than to participate in GLEMS. As in previous years, we will ask vendors to contribute door prizes as giveaways. Door prizes may be given out during the day within the classrooms or vendor display room. Students may bring a lotto prize drawing card to the vendor tables to obtain vendor initials. Those students that turn in a card will be entered into the drawing for prizes.

[Vendor Set-Up Requirements](#)

Required display setup must be completed by 12:00pm Monday, August 4th and not taken down before 12:00pm Wednesday, August 6th. Early tear downs without prior approval of the GMO Chairperson will be subject to an additional fee of **\$300.00** and may affect your ability to attend future GLEMS events.

Next: GMO Vendor Rules

GLEMS Manufacturers Organization Vendor Rules

1. The vendor display room will be open from 5:00pm – 7:00pm on Sunday, August 3rd for anyone wishing to set-up. The venue will also be open by 6:00am on Monday, August 4th to accommodate your set-up needs.
2. All tables are assigned; review GLEMS program for specific assigned table layout. Do not change a table location without the approval of the GMO Chairperson.
3. All vendor displays will be set-up by 12:00pm on Monday, August 4th.
4. All vendor displays will remain set-up until 12:00pm on Wednesday, August 6th. This is important for our students to have time to access the displays. Early tear downs detract from the professionalism of our school and create distraction from our efforts. Early tear downs without prior approval of the GMO chairperson will be subject to an additional fee of \$300.00 and may affect your ability to attend future GLEMS as a Vendor. Also, please remember that the school continues for another day after the displays come down. Displays should be removed beginning at 12:00pm on Wednesday, August 6th. If you cannot take your display down beginning at 12:00pm on Wednesday, check with the GMO Chairperson for permission to remove your display at a different time.
5. Each year the GMO invites Metering Managers to visit the display room on Tuesday at 8:30am.
6. Each vendor is given one (1) free registration with the first display table purchased. Extra tables do not come with a free registration.
7. If your company has more than the one (1) person in the display area for any part of a display day, that additional person(s) must be registered using Schedule B at a cost of \$475.00 for each extra person. The \$475.00 fee covers all three (3) days of display and breakfast and lunch buffets. If an extra person is teaching a class and is only attending on the day of the class, the \$475.00 fee is waived for that person.
8. All vendors are expected to provide at least one (1) gift to be used as a door prize having a value of approximately \$20.00. In addition, at least four (4) other gifts to be used as door prizes such as hats, golf balls, and other items of lesser value would be appreciated. These items are given out in the classrooms and the display area to keep the students interested and attending. These gifts are to be left when you pick up your registration packet.
9. Vendors are expected to staff their displays during the daytime. All the student breaks, which are staggered, are taken in the display room. This time is used by the students to talk to vendors and check out the products.
10. Breakfast, lunch and snacks are provided each day and are prepared by the Amway Grand Plaza Hotel. Students and vendors eat together, and it is a great time to network and answer questions about your products.
11. We will host a vendor social in the hall following classes on Monday and a GLEMS social event offsite for all on Tuesday. Following the vendor hall closing on Wednesday, GLEMS will host our banquet and entertainment for which vendors are invited to purchase an additional ticket to attend (more information to come).

VENDOR FACT SHEET SAMPLE

Vendor Information for Student Projects

To increase the student's "hands-on" involvement and student/vendor interaction, student projects are created for all tracks (with the exception of Track 6). In order for Track Chairs to appropriately develop student projects, detailed information is required regarding the products and services each vendor provides. All vendors must complete a Vendor Fact Sheet as a reference guide for Track Chairs and GLEMS students.

Please be sure to provide extensive detail that will assist the GLEMS staff in developing student projects utilizing vendor products.

To showcase and make available for student projects

Product or service provided: *

Vendor Fact Sheet Example – Appropriate Information/Detail

Example 1: ABC Multi-Function, X accuracy Revenue Meter, with X registers; load profile memory (X quantities of 15 minute intervals for X days); time of use; X Ethernet ports; X serial ports; modem port; WIFI port; DNP, Modbus protocols; transformer & line loss compensation; power quality measurements; WEB connectivity; IRIG-B synchronization; NERC CIP compliance.

Example 2: XYZ Portable Meter Site Analyzer; tests to ANSI requirements; tests with customer load; PT & CT ratio tests; PT & CT burden tests; display

Vendor Fact Sheet Example – WITHOUT Sufficient Information/Detail

1. Meters
2. Metering Equipment
3. Meter Test Equipment
4. Meter Test Boards
5. Medium Voltage CTs
6. Instrument Transformers
7. Software
8. AMI Systems
9. A list of manufacture names
10. A list of product model numbers

SAMPLE ONLY – [complete online](#)

Vendors are encouraged to register early!

Table assignments will be given consideration based on date of registration. Vendors also have the opportunity to request a partner vendor that they would like to be placed near in the hall.
